

THE BASEMENT Services to Schools

RECORD YOUR ORCHESTRA, CHOIR, BAND AND INDIVIDUAL PERFORMERS AND RAISE MONEY FOR YOUR SCHOOL

In these days of tight budgets and rising costs in music it is becoming increasingly difficult to provide pupils with meaningful and inspiring projects. Many schools would like to produce recordings of their pupils; individually and collectively, as a permanent record of achievements accomplished and for use in Examinations.

Let us start off by saying that recording is an expensive project to undertake for the private individual; the price of the equipment required determines this.

However, THE BASEMENT has undertaken to produce recordings for Educational establishments at NO CAPITAL COST to the institution. Provided that a minimum of 100 CDs are ordered.

So, how does this work. We will undertake a full day recording session for your school - you choose the repertoire - up to 50 minutes of recorded material. In consultation with you we will mix and duplicate to CD the final production. Again with consultation we will produce artwork, print & produce a minimum of 100 copies. You take orders for the CDs at £8.50 each. You pay the studio £4.50 for each CD and keep £4.00 for your School project. For every CD over the minimum order you only pay £3.50 and keep £5.00 for your fund.

A GREAT DAY OUT FOR THE KIDS AND MONEY FOR YOUR MUSIC DEPARTMENT
